San Rafael, Bulacan

Education Level

STI College – Baliuag, Bulacan

July 2019 – July 2023

Bachelor's degree in Information and Technology

- Magna Cum Laude
- Best in IT Capstone
- Best in Programming
- Best in Practicum

Skills

PROGRAMMING			
Languages	Frameworks	Skill Level	Experience
Java	-	Intermediate	2 years
C#	-	Intermediate	1 year
PHP	Laravel, CodeIgniter	Intermediate	2 years
JavaScript	NodeJS, ReactJS, TypeScript, Express, jQuery	Advanced	2 years
WEB DEVELOPMENT			
HTML, CSS	-	Advanced	2 years
Bootstrap	-	Intermediate	1 year
DBMS			
MS SQL	-	Advanced	2 years
MySQL	-	Advanced	2 years
MongoDB	-	Intermediate	1 year
ERP			
SAP Business One	-	Intermediate	2 years
VERSION CONTROL			
Git	-	Intermediate	2 years
SOFT SKILLS			
Problem-solver	Critical Thinker	Time-management	Multi-tasker
Leadership	Openness to criticism	Teamwork	Ability to work under pressure

Experience

Back End Developer – 8Box Solutions (Sampaloc, Manila)

Feb 2023 – Present

- In charge of server-side logic in websites using PHP and JavaScript
- Responsible for database management and optimization
- Utilizing Git version control for managing codebase changes and collaborating with other developers
- Responsible for deploying projects and ensuring smooth, error-free operations.
- Developed an e-commerce, social, job-hunting website.
- Developed API endpoints for various projects.
- Fixes bugs and implements updates to ensure the website functions optimally.
- Developed expertise in Node.js, utilizing its asynchronous, event-driven architecture to build scalable and high-performance applications.
- Acquired strong JavaScript skills, allowing for the implementation of efficient and elegant code in Node.js projects.
- Gained hands-on experience with templating engines like EJS and Handlebars, empowering the creation of dynamic and interactive server-side web pages.
- Acquired a strong understanding of software development principles, including version control (e.g., Git), code documentation, and collaboration tools (e.g., GitHub).
- Successfully leveraged the Express.js framework to develop robust and RESTful APIs, enabling efficient client-server communication.
- Demonstrated proficiency in using npm (Node Package Manager) to manage project dependencies and maintain streamlined development workflows.
- Collaborated effectively with cross-functional teams of developers, designers, and stakeholders to achieve project goals, ensuring smooth coordination and efficient communication throughout the development process.

Tools and Technologies

- JavaScript, TypeScript, React.js, Node.js, Express.js
